

Gifkins Dovetail

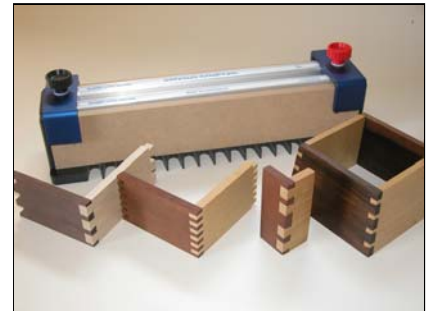

Shows and Demonstrations for 2010

Brisbane	21 - 23 May	Timber & working with wood show – RNA Showground
Sydney	18 - 20 June	Timber & working with wood show – Moore Park
Perth	6 - 8 August	W.A. Wood Show – Claremont Showground
Canberra	3 - 5 September	Timber & working with wood show – EPIC Centre
Melbourne	15 - 17 October	Timber & working with wood show – Melbourne Showground

To make the shows more interesting for our customers, we will be running boxmaking sessions each day at our booth, as detailed below. There will also be dovetailing demos in between these sessions.

Timber Shows Daily Seminar Program with Roger Gifkins

11:00 **Dovetail Joints and Finger Joints**
Go through setting up and using the jig with the inventor! Includes demonstrations on cutting trial joints, adjusting the jig to give a perfect fit, cutting finger joints, joining different thicknesses, etc. A must for those that want to get the most out of their jig.

1:00 **Boxmaking couldn't be easier!**
About as simple as a box can get. A great first project for people new to boxmaking. Learn confidence building techniques so you can consolidate skills with this easy project. Once perfected, it makes a great gift!

3:00 **Dovetail Joints and Finger Joints**
Go through setting up and using the jig with the inventor! Includes demonstrations on cutting trial joints, adjusting the jig to give a perfect fit, cutting finger joints, joining different thicknesses, etc. A must for those that want to get the most out of their jig.
